

bluesky

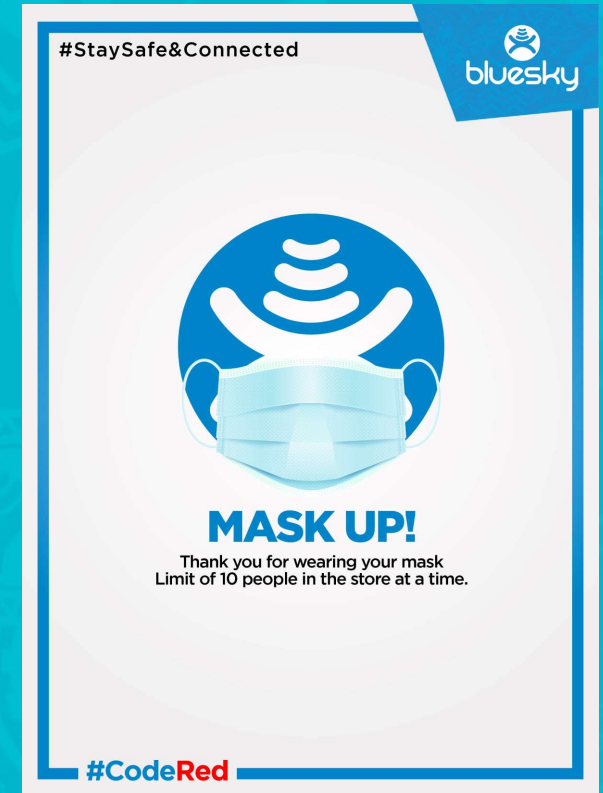

Bluesky American Samoa
Country Presentation

Past Challenges

Past Challenges

- COVID restrictions caused drops in the number of our customers as many residents were unable to return home
- Many businesses pulled out of the territory, the most notable being ANZ
- Population decline for American Samoa on the latest census reporting less than 50k residents down from 55k in 2010, a 10% decline

Present Highlights

- Total customers dropped, but overall bandwidth usage increased by 1Gbps
- Business customers began requesting higher bandwidth plans with several asking for 100Mbps or more
- More access to online services has increased customer engagement
- Our MPLS network has reduced the overhead on network management and allowed us to offer a wider variety of services to customers

Free Calls for our Tongan Community during the events of the eruption in 2022

FREE CALLS TO TONGA!

We know how important it is to stay connected with loved ones during a situation like this, and we know communication in Tonga is difficult right now, so we are waiving all charges for calls to Tonga from any **Bluesky mobile** beginning **January 22, 2022** until **Monday January 31, 2022**.

Promotion starts on Saturday, January 22nd, 2022 at 12am and end on Monday, January 31st, 2022 at 11:59pm. All prepaid and postpaid mobile subscribers are eligible for this promotion. There is no limit on the number of times customer can call Tonga at any given time within the promotional period. For prepaid customers, calls to Tonga will not affect their balance. For our postpaid mobile customers, calls to Tonga will not be applied to their next bill. Bluesky reserves the right to alter or end this promotion at any time and will notify customers accordingly.
